GOVERNOR BLAINE OPPOSES INTERIM TAX COMMITTEE

WILL PUSH OWN MEASURE BEFORE LEGISLATURE, INDICATION.

VICTORY DOUBTED

Executive's Bill Meets With Opposition; Leaders Predict Hard Row.

Madison.—Governor Blaine's letter to Senator Henry A. Huber, chairman of the joint committee on finance, opposing the proposal for an interim committee to study tax problems before any revenue bill is passed by the legislature, was accepted by members Friday as an expression of his determination to push his own tax bill in the senate.

The governor did not disclose his plans for forcing favorable action on his general income tax measure, but told the committee that it had all needed information for enactment of an equitable revenue law. Several leaders again Friday said they saw little hope of the Blaine bill mustering strength enough to get through the senate.

Blaine's Stand for Interim.

Due to absence of members, the finance committee was unable to act on the governor's tax bill at its meeting Thursday. Senator Huber said it would probably be early next week before the measure is reported to the floor.

The letter, of particular importance, legislators say, because of the existing sentiment favorable to an interim investigation, follows:

"It has come to me that there is being given out the report that I favor an interim committee on the income tax."

"There is no foundation for this report whatever. It is just the thing that I do not favor."

"So far as revision of the income tax law is concerned, there is available to the legislature every necessary fact to pass a just and equitable income tax revision bill in compliance with party pledges."

"Will you kindly convey to the joint finance committee the information that I am opposed to any delay in fulfillment of pledges which have been fully discussed, the facts necessary to carry out those pledges fully prepared and presented, and the legislation in accordance therewith presented."

The Saturday and Sunday Gazette this week end will be a big paper in volume and big in its importance as a newspaper. One section will be devoted to the Farm Bureau and the activities of that great body of organized dirt farmers both here at home and in the whole country. What do you know about this organization, its reasons for existence and its hopes and aims? You may think that it is not for you but some one else but confronting us is the necessity of solving most of the economic problems of the day by beginning at the farm. All the departments which have made the Gazette the commanding newspaper of Southern Wisconsin will be yours Saturday and Sunday.

Push Plans for State Convention

A well attended meeting of all associations in charge of arrangements for the state convention of Parent-Teacher associations was held Thursday night at the Chamber of Commerce. Further plans for the drive about the city on the morning of May 1, for the banquet on the night of the 16th were discussed. The committee on exhibits reported a rest and exhibit room will be arranged in the high school building where they will be served to delegates. A unique feature will be the array of all the school equipment purchased by Janesville Parent-Teacher associations.

At a meeting of the Parent-Teacher council of officers following the joint committee session, Miss Bertha Rogers, grade supervisor, was named as the council's convention delegate.

Tax Commission Ends Field Work

Madison.—The tax commission Friday sent instructions to all assessors of income directing them to discharge their clerical help May 1 and to discontinue all field work usually carried on by them during the months of May and June. This action is necessary, the commission advises, because of Governor Blaine's veto of the appropriation allowed to the legislature to continue the tax work.

Fund Is Voted

In its letter, the commission says it became apparent before Jan. 1, 1923, that the legislature would be confronted with a deficit of \$17,000. The situation, it adds, "was presented to the board of public affairs in December and later to the joint finance committee of the legislature. The committee, after a thorough investigation, reported a bill to the legislature making delinquency appropriation, for the purpose of paying the bills of the legislature to continue the tax work."

The commission is, therefore, now compelled to make drastic reductions in its expenses. We have very reluctantly decided that all field work usually carried on by assessors of income during the months of May and June must be discontinued. On the basis of last year's savings about \$1,250 can be made in this way.

Law Of Clerical Help

"Assessors are also instructed to lay off clerical and office help without pay from May 1 until further orders. Drastic economy will also be introduced in this office in order that it may bear its share of the burden of the legislature."

"We fully appreciate the inconvenience and possible hardship that this action will cause in many cases, as well as the impairment of the service, but the situation confronting us leaves us no other alternative. Should provision be made for funds, which we hope may be the case, you will be promptly notified. In the event, we expect to be able to resume normal activities July 1."

CLASS FIGHT ENDS IN FATAL MISHAP

Evansville, Ill.—A freshman-sophomore class fight at Northwest University, Evansville, Ind., ended in an automobile accident in which one freshman student was killed, another perhaps fatally injured, three others slightly hurt and Mrs. Arthur D. Winfield of Winfield, near here, and three women friends painfully cut by flying glass.

Louis Amberg, Chicago, was killed and Robert McGee, Madison, Wis., was crushed and is not expected to live. The two students were riding on the running board of the car, which was caught when the machine crashed into Mrs. Winfield's automobile.

The students had been searching for two class members, kidnapped Thursday, and were on their way to this city, pursued by two cars loaded with sophomores. Richard Howell, holder of several world's swimming records, was one of the freshmen. The sophomore, near here, and three women friends painfully cut by flying glass.

Louis Amberg, Chicago, was killed and Robert McGee, Madison, Wis., was crushed and is not expected to live. The two students were riding on the running board of the car, which was caught when the machine crashed into Mrs. Winfield's automobile.

STOPS HER SUIT AGAINST "BABE"

New York.—Miss Delcor Dixon, who recently brought a suit for \$50,000 damages against the "Babe Ruth," New York Yankee's home run king, alleging seduction and assault, withdrew her case today. The withdrawal was made just as the case of Robert McGee, Madison, Wis., who was killed in a car crash, was being examined in supreme court as to the record of Miss Dixon, who was about to be called.

GASOLINE UP ANOTHER CENT

New York.—The Standard Oil company of New Jersey today announced another cent increase in the price of gasoline throughout its domestic territory with the exception of a few points where varying adjustments "were made." This is the fourth cent increase in a week and is due to the shortage of crude oil and a consequent lowering of prices.

WOMAN GIVEN 4-YEAR TERM

Madison.—Mrs. Viola Brinkman, 48, Newark, N. J., charged with the murder of her husband, John Brinkman, Aug. 12, 1920, at a Milwaukee hotel, was sentenced to four years in the house of correction Thursday when she withdrew her plea of not guilty in municipal court and pleaded guilty to manslaughter in the third degree.

RESIGNS FROM RESERVE BOARD

Washington.—The resignation of John R. Mitchell, of St. Paul, from the federal reserve board, was presented to President Harding Friday by Secretary Mellon.

WHOLE FAMILIES PERISH AS BLAZE SWEEPS BUILDING

THRILLING RESCUES ARE MADE BY FIREMEN IN NEW YORK

STARTS IN WASTE

Timely Alarm Saves Lives of Scores; Who Flee Before Swift Flames.

New York.—Twelve persons perished in a fire which swept through a tenement in East 103th street early Friday.

A family of five were among the victims dying in a fifth floor apartment. Scores fled the flame-filled structure by way of the fire escapes, while a dozen others were spectacularly rescued by policemen and firemen.

Many more persons would have been trapped by the flames, according to the police, had it not been for Michael Kaufman, a city employee living across the street from the tenement, who discovered the fire.

Alarm Occupants

Seeing smoke from a window, Kaufman telephoned a fire alarm and immediately rushed across the street into the burning building, and ran through the halls of the five floors blowing a police whistle between shouts of "fire."

With the arrival of the fire department, which had been called by three alarms, a half dozen men and women were found to be hanging from window sills and were brought to safety after thrilling rescues.

Rescued by Firemen

Many persons who stood at windows, their forms silhouetted against the flames behind them, were only prevented from jumping from fourth and fifth floors by the encouraging shouts of firemen who had run up aerial ladders and carried them to the street.

Sympathetic neighbors hastily organized a relief squad and after winding wraps and clothing for the fire victims, took them into their homes.

In addition to the family of five believed to have perished in the top floor apartment, another family of three died in a fourth floor apartment. All were burned beyond recognition.

DISTILLERY GUARD HELD UP, ROBBED

Louisville, Ky.—Fifteen men held up guards at the W. B. Samuels distillery, near Bardonia, Ky., early Friday, and carried away 20 barrels of whiskey in a stock truck, according to a report received by federal prohibition officers here.

After overpowering the guards the robbers fired more than 150 shots, apparently to prevent interference, the report said. The truck used by the robbers was stolen from near the distillery.

DEMOCRATIC BILL IS LAW

Madison.—Political parties in Wisconsin have won a less than satisfactory victory with which to conform to maintain their official status, as the Kamke bill became law Friday, with Governor Blaine's signature.

This measure lowers from 10 to 5 per cent the number of votes which a party must poll at a primary election to maintain its place on the official November election ballot.

Convict Lease System Given Another Blow

Tallahassee, Fla.—The Florida legislature advanced another step toward abolishing the practice of leasing convicts to private individuals today when it passed a bill to amend the law governing the convict lease system.

The bill, which was introduced by Senator George Skogmo, of Jacksonville, passed in amended form a senate bill Friday to that end. The vote was 61 to 5.

THEATER IN ERIN BOMBED

Dublin.—Three men and a woman drove up to the Central Cinema at Janesville street Friday, placed a mine outside the building and then hastened away. The explosion that followed damaged the front of the theater, wrecked a nearby drug store and seriously damaged shops on the other side of the street. One of the miscreants is believed to have been injured.

In addition to all her other troubles, political, labor and unemployment, Lord England has been having a number of marital quarrels in high life which have furnished food for the custom of the night of the suit of Lady Alexander against Sir Lionel Alexander. She says she prefers to "go it alone."

Six Prisoners Shot in Escape Effort

St. Louis, Mo.—Six prisoners were shot and several others beaten severely when guards "frustrated" a wholesale escape at the city workhouse here early today.

About fifteen prisoners sawed through the bars in the cell room and let themselves into the prison yard by means of a rope, according to the guards who said one of them with a clever imitation of a pistol carved out of wood, attempted to hold up Fred Glase, 58 year old guard, and obtain his keys.

CORK HARBOR IS SCENE OF BATTLE

Cork.—Invade the coast made an abortive attack on the Haulbowline Island dock yard in Cork harbor early Friday, pouring a hail of machine gun bullets into the buildings on the island from two points on the mainland.

The Free State troops replied and after the firing had been in progress two hours, succeeded in clearing the island of marauders. The Irish irregulars cluded troops reinforcements for the garrison, sent from Queenstown.

U.S. Asks Aid Against Booze

Washington.—New representations on the subject of rum smuggling have been made by the state department to the British government, which is requested in friendly terms to cooperate in preventing vessels flying the British flag from smuggling in liquor traffic between America and foreign ports.

SMALL FORD PLANTS MAY GIVE FARMERS WORK IN WINTER

Detroit.—Statements in the state senate at Lansing, to the effect that Henry Ford planned to build a factory on every small water power site he can obtain in Michigan, and give winter employment at city wages to the farmers, were confirmed by persons close to the automobile manufacturer Friday.

The announcement was made by Senator Andrew B. Ciesle and came during debate on a water power bill, sponsored by \$1,500 annually, was emphasized in the state senate. Passage was asked by Governor Blaine. The assembly engrossed, 64 to 15.

GRIMM SAYS HE'D RAISED FINE HAD HE KNOWN FACTS

Judge George Grimm indicated, Friday, that had he known more fully the extensive operations of Mr. Sherman, as he did an hour after sentence was imposed, that he would not have let the man off with the sentence which he did.

He had cases in the Green and Jefferson county circuit courts where I imposed \$350 fines for like offenses, and I judged from what information was given by the district attorney at the argument that this case was similar," said Judge Grimm.

WOMEN BRINGING IDEALS INTO LIFE

Essential in Business, Politics, Professions, Federation Members Told.

Evansville.—Women's viewpoint is needed in business, in politics and in all the complexities of modern life. Miss Helen Bennett, manager of the Chicago Bureau of Occupational Education, declared at the Thursday night session of the annual meeting of the Wisconsin first district Federation of Women's clubs.

GERMANS BLOW UP RUHR RAILROADS; TRAFFIC BLOCKED

Duesseldorf.—Five separate bomb explosions on the Ruhr railroads during the night of Thursday, telegraph and telephone communication, temporarily disorganizing traffic.

French headquarters said the explosions had caused the most serious damage since the beginning of the occupation.

Missing Dry Agent Caught at Buffalo

John E. Fillion, former federal prohibition deputy, was caught by the department of justice operative since he fled Wisconsin following the returning of an indictment charging him with accepting bribes, has been arrested by the Buffalo, N. Y., according to information reaching the Gazette.

Fillion worked out of the Chicago office and the indictment returned by the Superior grand jury April 9, 1922, charged him on two counts of accepting bribes in connection with the operation of liquor traffickers in the vicinity of Kentucky, Wis., and Illinois.

GUARD SEIZES RUM RUNNER

Highlands, N. J.—Coast guardmen Friday seized the motor lighter "Napeague," with an estimated cargo of almost 15,000 cases of liquor. The lighter was enroute from the rum run, the New York shore when captured off Sandy Hook.

WHALEBACKS BUCK ICE PACK AT 800

Sault Ste. Marie, Mich.—The whalebacks "Cora" and "Neva" are attempting to force a passage to the Soo and Lake Superior through the ice in St. Mary's river. Not in years has there been such thick ice in the river so late in the spring.

1-Man Commission Bills Are Passed

Madison.—The Dahl bill, providing for a one-man civil service commission, introduced at the request of Governor Blaine, was given unanimous passage by the assembly Friday and sent to the senate.

The Smith bill, creating a one-man conservation commission, increasing the salary of the commissioner by \$1,500 annually, was engrossed in the state senate. Passage was asked by Governor Blaine. The assembly engrossed, 64 to 15.

ALLEGED "BIG GUN" OF LIQUOR RING LET OFF FOR \$350

SHERMAN, WHO PEDDLED IT BY TRUNKFUL, PAYS FINE.

IN CIRCUIT COURT

Fearing Stiff Sentence from Maxfield, Case Rushed to Grimm.

William Sherman, Chicago, alleged to be one of the high moguls of a liquor ring which has distributed hundreds of gallons of stolen liquor into Southern Wisconsin cities, was given his freedom by Judge George Grimm here late Thursday afternoon upon payment of a \$350 fine.

Hailed by Janesville police as their greatest catch under the prohibition law since passage of the 18th amendment, and deemed no great a violation of the law, Sherman, who had laced him under \$3,000 bail, Sherman took a hurry-up change of venue, pleaded guilty to possession of liquor, counted out \$350 and left the city.

O. A. Oestreich filed the affidavit for a change of venue, about which there is a question as to whether it was granted or not. Mr. Oestreich appeared for him in circuit court, with the aid of William Dale, Sherman's attorney from Chicago.

Dunwiddie Relates Case.

District Attorney G. D. Dunwiddie he led the state's case before Judge Grimm, telling how Sherman was caught with a trunkful of liquor in the Lucile hotel here late Friday night. Dunwiddie said he had been seeking to land him for several months. Mr. Dunwiddie said he also informed the court of Sherman's escape from a Madison hotel when his room was raided for liquor last December, but declared the court did not ask him for a recommendation as to what the fine should be.

"It is not up to me to comment on a circuit judge's decision," replied Chief Clerk Newman S. Friday, when asked about the case, although it is known the chief and other police had expected a much stiffer fine. The judge's decision, however, was a "big gun" in the liquor business, and were looking for him to get the maximum penalty.

"I was approached by a local attorney to represent the case shortly before noon, Thursday, and told me the only recommendation of the district attorney that would be accepted if Sherman were brought before me was a \$350 fine. I then told him I was not going to do that," Judge Maxfield declared, Friday.

It is evident the municipal court judge did not know the way the whole case was handled, and insisted the venue papers were taken out of municipal court before he had even granted the petition and without the clerk's signature on the papers.

"Under the municipal court act for Rock county, the judge has the right to take a change of venue or call in an outside judge," declared Judge Maxfield. "The court is given 20 days in which to decide on the case. In this case, I had written the sum of the case, but immediately crossed it out. Intending to call in Judge Charles L. Pfeiffer. In the meantime I had to leave the office and when I came back I found the case had all been disposed of in circuit court."

The judge inferred that the municipal court case against Sherman still stands, with no entry having been recorded of any change of venue.

Alcohol to Menace.

Judge Maxfield called the state prohibition commissioner, Friday, as to what disposition should be made of call in an outside judge. Judge Sherman's trunk and was advised to send it to Dr. S. T. Lorenz, at the psychiatric department of the state hospital at Mendota. In reply to the call, the state hospital, which was also in the trunk, it is understood that District Attorney Dunwiddie has sent this to Deloit & Leake to be tested.

WHY I LIKE JANESVILLE

In the past, it has a long way ahead of it. There are many things we need, and eventually we will get them. What makes me sure of that is the spirit of the people in this city who, when they determine upon a plan of action, put it into the concrete form of the real answer to vision.

WITH THE FARMERS

Farm Bureau Official Information

OLD POTATOES ARE NEAR SEASON'S END

Chicago — Old potatoes made what appeared their last bid of the season for public favor, advancing to the highest price level of the season the last week or 10 days, only to be shoved into a rapid price decline by the more acceptable offerings of new potatoes. Even at that the price range for certain stocks in the leading markets almost universally showed a higher level than prices a year ago.

The top of the spring rise, the United States Bureau of Agricultural Economics said, apparently has passed, with activity in many sections subsiding almost to the point of collapse. The shortage of new potatoes was attributed as the cause for the rapid rise in the price of old potatoes.

BELOIT DAIRYMEN MAY BOLT POOL

Whether the Beloit milk producers will remain affiliated with the Chicago Milk Producers association under the Sapito contract will be decided at a meeting of the Beloit dairymen in the Y. M. C. A. Friday night.

The objection now offered by the Beloit dairymen is that farmers supplying Beloit on contract are receiving 27 cents more per hundred pounds than are the dairymen selling to Beloit dealers on contract.

PLAN DUREC MEETING

A meeting of the newly elected executive board of the Rock county Durec-Swine Breeders association will be held during the coming week for organization.

ORFORDVILLE MEETING

There will be a Farm Bureau meeting in the I. O. O. F. hall in Orfordville on Monday.

Desertion Cause for Two Divorces

Judge George Gihm broke the marital ties of two couples on charges of desertion in Rock county circuit court, Thursday.

John W. Pfister, Brodhead baggage man, made a second venture in matrimony but it was a success because his wife, Minnie, left him and left for good in January, 1922. Six weeks after they were married, she left and went to Milwaukee, but came back after four months when he threatened to get a divorce.

"She said the home wasn't as modern as in the city, and packed up her things, and left for good," the husband testified. His wife had been married twice before. Absolute divorce was granted.

Fred Gobell, formerly of Juda, and now in Switzerland, liked the company of other women better than his wife according to Ella Gobell, who was given a divorce on the grounds of desertion. They were married at Monroe, March 24, 1915, and separated in January, 1922. The mother was granted the custody of the three children.

PORCH ENDANGERED WHEN HIT BY TRUCK

A large truck, used for hauling milk, crashed into the porch supporting a second floor side porch at the store of Herman Buggs, 24 South River street, hit one of the posts and left the porch sagging. Thursday. The truck had been parked on Dodge street, but the brakes loosened. Damage was repaired soon after to save the porch.

COUNCILMEN PLAN VISIT TO KENOSHA

Will Spend Day Inspecting Manager Plan in Lake City.

Members of the new city council of seven are planning a motor trip to Kenosha to spend a day seeing how that city operated under the city manager plan, which has been in effect there for one year with C. M. Osborn as manager the past six months.

Two hope to make the trip some day next week," said J. K. Johnson, president of the local council.

Before the change from the aldermanic to the city manager plan of government in Janesville, April 17, City Attorney Roger C. Cunningham and City Clerk E. J. Sartell spent several hours in Kenosha acquainting themselves with the workings of the plan there. They gained much information that has been of help to them locally. Janesville and Kenosha are the only two Wisconsin cities having the manager plan of government, although others are talking about making a change.

Selfert Hired for Audit — C. A. Selfert, Madison, who is now making an audit for the books of the city water department, has been engaged to audit the records of the city clerk and treasurer and will start on that as soon as he completes the water department work.

Mr. Selfert was hired by the old council but was not ready to begin the treasurer's audit until the new government came into office. As a result, the question was raised whether it might not be more advisable to engage a certified public accountant, but Councilman William McCue, chairman of finance, decided this week to give the job to Mr. Selfert. He has done the work here before and thus is familiar with it.

New Purchasing Plan

Councilman A. J. Gibbons, chairman of purchasing, has asked each department to furnish an inventory and estimates of supplies needed for the next six months. The new plan is a half-year's supplies at a time rather than getting them in dribbles as now. As far as has been put out in the past, the various departments are now busy with inventory, and drawing up estimate sheets.

Councilman C. Starr Atwood, chairman of highways, urges citizens to stop the practice of putting things in gutters and streets, and burning leaves there, especially on paved streets.

The new council will meet informally at 7:30 Friday night to consider 35 to 40 formal applications for city manager.

Popularity of Nursery Grows

Eight children were at the day nursery, Thursday, this being the largest number cared for in any one day this far. Renovation and redecoration in the apartment to serve as permanent quarters for the nursery is under way and will be completed within a week or ten days.

Recent donations of equipment include three high chairs, one kindergarten chair, kitchen cabinet, four cribs and a bassinets. More cribs and kindergarten chairs are needed. The committee would also like to hear from some organization willing to provide attractive drapes for five windows. A supply of infants and children's clothing has been collected for the nursery by the girls and women of St. John's Lutheran church.

Captain George Boyle left Wednesday night for Iron Mountain, Mich., and will drive his car through from that place the first of next week. Arrangements will then be made to transport a limited number of children from outlying districts. Regulations for this service should be made immediately by mothers.

PYTHIANS HAVE "KANGAROO" COURT

Fifty Knights of Pythias attended the "Kangaroo" trial at Castle hall, Wednesday night, at which many criminals were tried and sentence pronounced. John Ross was judge, and S. M. Jacobs, as attorney for the prosecution, Dr. G. B. Theurer, attorney for the defense.

REACH AGREEMENT IN GRAVEL SUIT

Case Is Settled After Night Conference—Olson Sells Stock.

The Tractor City Sand and Gravel company is granted the right to use of the secret machinery used by the Janesville Sand and Gravel company in loading, screening and gravel in a stipulation entered into in settling the action for a permanent restraining order sought by the Janesville Sand and Gravel company in the Rock county circuit court.

In return for this privilege, Oscar Olson, formerly with the Janesville Sand and Gravel company and now with the Tractor City company, has agreed to sell his interest in the Janesville company for \$10,000. Agreement was reached Thursday after the court and special witnesses had visited the properties of both companies, seen the machinery in operation, and heard the testimony of J. K. Jensen, president of the Janesville Sand and Gravel company, concerning the development of machinery in question.

The case was an interesting one, and had it been left to the court and a permanent injunction been granted, practically entire curtailment of the Tractor City business would have resulted pending appeal to the supreme court.

O. A. Oestreich represented the Janesville company and George G. Sutherland, the Tractor City.

Realize what Kellogg's Bran means to your family's health?

Eaten regularly each day, Kellogg's Bran, will permanently relieve constipation; it will free you from dangerous toxic poisons that lead to 90% of all human illness; it will remove the cause and sweeten a bad breath; it will clear a pimply complexion through its work on the bowels. In fact, Kellogg's Bran, through its natural action as a bulk, indigestible agent, will tone-up the whole system!

If you know exactly what constipation means from a medical viewpoint you would lose no time eating Kellogg's Bran yourself and serving it daily to your family. And, Kellogg's is actually delicious, its nut-like flavor adding greatly to the enjoyment of eating cereals. Eat at least two table-spoonfuls each day; in chronic cases, with each meal.

There are many attractive ways to serve Kellogg's Bran. Eat it in winter with hot milk as a cereal. Or, mix it with cereals before serving. Many housewives cook it with cereals, in each case adding two table-spoonfuls for each person. You will also enjoy the nut-like flavor of Kellogg's Bran when it has been sprinkled over hot or cold cereals.

You have missed some of the joys of life if you have not eaten Kellogg's Bran. Recipes are printed on each box. Don't delay your fight against constipation; don't lose a minute in the great battle against illness! You can buy Kellogg's Bran from all grocers and you can have it served in individual packages at first-class hotels, restaurants and clubs.

ANNOUNCEMENT

of Interest to

MILLIONS OF FAMILIES

"I WILL BUILD A CAR FOR THE MULTI TUDE" said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the

Ford Weekly Purchase Plan

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership. During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking toward the day when they can own a Ford.

And now the way is open.

Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.

Think it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters each doing a little.

Why not start today? Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you get started toward the ownership of a Ford car.

Now, a Quick Quaker Oats
Cooks in 3 to 5 minutes
The quickest cooking oats in the world

Now your grocer has Quaker Oats in two styles. One the kind you have always known—the other is quick Quaker.

Quick Quaker cooks in from 3 to 5 minutes, and it cooks to perfection. So it is almost like a ready-cooked dish.

No other oat flakes on the market cook anywhere near so quickly. The two styles are identical in quality and flavor. Both are flaked from the finest grains only—just the rich, plump, flaky oats. A bushel of choice oats yields but ten pounds of these delicious flakes.

But in Quick Quaker the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And those small, thin flakes cook quickly.

Ask for Quick Quaker if you want this style. Your grocer has both. But always get Quaker Oats for their delightful flavor.

by Mrs. Orrin Kingsley and Mrs. Jean Ambrose. A two course lunch was served at 5 p. m. Mrs. Ambrose, 1514 avenue, is to entertain the club next week.

Seniors in Last Play Rehearsal

Plans for graduation will be made at a class meeting of the Senior A's at the middle of next week. Play arrangements have kept them busy for the past few weeks, and other than setting June 15 as the official date for commencement, little has been determined. Valedictorian and others for prominent parts in commencement activities will be chosen by the end of the week. Nothing definite has been decided concerning Class exercises which have been given in the afternoon or dispensed with by the last few classes.

SUGAR AVIATES AS BUTTER GOES DOWN

The two commodities in the local grocery markets that are causing trouble now are sugar and butter. While the first goes up to new levels each day, the other continues to drop. Local merchants are getting for sugar all the way from 10 to 12 cents per pound. Those who bought early and bought quantities can sell it for 10 cents, a lower price than it is now purchasable for at wholesale prices. These grocers are forced to ask 12 cents and if the market goes higher, their prices, too, will go up.

Butter Goes Down—Butter last week, within four days, dropped five cents, wholesale and retail, and this week has also taken several drops, going down a cent in price Thursday. The Friday prices asked for butter by the pound range in various grocery stores here from 43 to up over 50 cents.

Some of the newer things in the market for week-end trade are peas, market at 20 cents per pound; tomatoes, at 13 and 20 cents per pound; matatoes, at 25 and 30 cents; green and wax beans for 30 cents. Strawberries now bring 25 and 30 cents per pint and are the best so far. They are uniform in size and quality. Leaf lettuce has dropped considerably, until now it can be bought for 20 cents per pound.

Other commodities now in the markets are: Spinach, shilling per pound; radishes, 2 bunches for 25 and 18 and 20 cents each; asparagus, 15 and 20 cents per bunch and much improved in quality; onion, 10 cents per bunch; carrot, 15 cents per bunch; celery, 15 cents per bunch; green peppers, 2 for 15 and higher; green potatoes, 7 and 8 cents per pound; rhubarb, 15 cents per pound; cucumbers, 25 and 30 cents each; hot-house variety; raw cabbage, 10 and 15 cents per dozen; coconuts, 10 cents.

Usual prices prevail on the varieties of fruits and vegetables that are staple articles—apples, bananas, lemons, potatoes, etc. Eggs bring 25 cents per dozen, the same price as has prevailed for some weeks.

200 TO COMPETE IN DISTRICT MEET

Interest High in Commercial
Contest Set for Sat-
urday.

Fifty-nine students, accompanied by teachers, parents and friends will be in this city Saturday to represent ten different cities and towns in the annual district commercial contest, to be held morning and afternoon at the new high school.

Port Atkinson and Watworth are the only two high schools in the district not sending delegates. The others, however, are not all sending their full allowance—two for each of the five contests—junior and senior for typing, senior shorthand, rapid calculation and penmanship. The local high school will enter representatives in all but penmanship. The contest is expected to bring 200 or more to the city. Morning contests will start at 10:30, afternoon ones at 1:30. Results will not be determined until evening.

Two will be chosen from each contest to represent the district at the state contest later at Whitewater.

Milton Glee Club Gives Excellent Program in City

An audience which was enthusiastic, if rather small, greeted the Milton Glee club at its Janesville appearance at the Congregational church, Thursday night. Every number on the program was well received, with solos especially popular. The club more than lived up to the reputation it has made recently under the direction of Prof. L. H. Stringer.

The program included ensemble numbers, solos by H. Richard Sheard and Prof. Stringer, horn obligato by Milton Davis, and a quartet number by Messrs. Mikkelsen, Hill, Sheard and Holliday.

Barlow Spoon, Janesville, is manager of the club, and George L. Tawilliger, another Janesville high school graduate, sings with it.

Other members are: Harold K. Mikkelsen, Clyde F. Arlington, Richard Sheard, and Corlies A. Baker, Milton Junction; Lorraine S. Summers, Walter W. Holliday, J. Paul Green, Fafina, Ill.; G. Everett Van Horn, Edinburg, Tex.; Carroll L. Hill, Walton, Ia.; Charles F. Sutton, Battle Creek, Mich.; Russell W. Burdick, Dunellen, N. J.; Milton D. Davis and Paul L. Irving, Shiloh, N. J.; Albert H. Babcock, North Leam, Neb.; Deland W. Hulott, Bolivar, N. Y.; and Orville C. Keesey, Orfordville.

EDGERTON

Edgerton—Supt. F. J. Holt and the teachers of special subjects—Carl Sangster, manual training; Misses Lucille Osborn and Mabel Huston, commerce; Ruth Rickards, music; Gladys Wheaton, physical education and Anna Hoen, home economics, entertained the thirty other teachers of the schools at a theater party Wednesday evening, followed by a luncheon at the Liberty cafe.

Mrs. Will Vivian entertained 14 women at a bazaar party Wednesday night at her home on Broadway.

Mrs. William Shields won the prize and Mrs. Mirale Jung, consolation. Refreshments were served.

The first of a series of bazaar sales by the city federation of women's clubs will be held at the Lyon and Blossman market Saturday, at 3 p. m. under the auspices of the Monday and Tuesday Study club.

Dr. Willard McChesney spent Friday in Chicago.

James Fuller, Rockford, former employee of the Carlton hotel, is a guest there for a few days. Mr. Fuller has been afflicted with total blindness since September.

Funeral services for Mrs. Charles Peters will be held at the home of Roy Cox, 708 South Main street, Saturday at 1 p. m. and at the Congregational church at 1:30. Rev. F. W. Schoenfeldt officiating. Interment will be in Fasset cemetery.

Funeral services for Mrs. Priscilla Spike will be held at the home of her sister, Mrs. Fred Madsen, Elkhart street, Saturday at 2 p. m. and at the St. El church at 2:30. The Rev. R. J. Bailey officiating. Interment will be in Albion Prairie cemetery.

**ANOTHER MEETING
CALLED TO PERFECT
DETAILS OF CANVASS**

A preliminary meeting to develop a Janesville organization to raise funds for the American Friends use among the starving children in Central Europe was held at the city hall, Thursday night, with N. C. Volkay, Chicago, presiding. A larger meeting will be held at the same place at 7:30 next Wednesday night when organization will be perfected. The various civic clubs and churches will be represented on a central executive committee to take charge of the work here. Mr. Volkay went to De loit, Friday and will return for the meeting, Wednesday.

**HIGH SCHOOL WILL
ELECT MAY QUEEN**

The radio benefit entertainment at the high school Monday night was advertised at senior assembly Friday morning with a talk by Herbert E. Eise, Erie, W. Va. Bro. Eise gave a talk, urging full attendance at "The Gipsy Trail," Friday night. Voting for a May Queen in connection with the Y. W. C. A. May 10 will be held simultaneously with the Kiwanis egg hunt, will occur at senior assembly the first of the week. At the junior assembly Friday, community singing was enjoyed and perfected. IMMORAL USE OF CARS HIT BY ASSEMBLY

Madison—The Criminal bill, aimed at abolishing the use of automobiles for immoral purposes, was engrossed by the assembly Friday. The bill would provide for the forfeiture of the owner's license for a specified period, on his conviction of having committed an immoral act in an automobile or having used the car as a means of transportation to a place where such an act was committed. The second offense would make his automobile liable to confiscation.

ASSEMBLYMAN SWATS REGENT

Madison—An altercation between Assemblyman F. J. Peterson, secretary of the board of normal regents, occurred in the assembly chamber Thursday night, following hearing on a bill by Assemblyman Peterson to bring back college courses in normal schools. Assemblyman Peterson is said to have struck Mr. Kittie, knocking off his glasses. His act is reported to have been caused by the opposition of the normal board secretary to his bill.

WHITE MAN HELD BY BANDITS IN CHINA

Monk Kiong H. H. Rowson, member of the staff of the British-American Tobacco company, has been captured by robbers at Moll, north of the port of Pakhol, in the southwest of Kwangtung province. He is held for \$30,000 ransom, according to representations made by the company to the British consular authorities.

Tree on Fire — A tree, near the home of Fred S. Sheldon, 1002 Milwaukee avenue, catching fire from burning grass, the fire department was called out at 8:30 Thursday night to extinguish it. Two hours before the firemen had been called to the Adams school where sparks coming from the chimney had caused a scare.

Judge Gary Explains

Judge Elbert H. Gary, president of the United States steel corporation, says his remarks concerning immigration have been misconstrued by the newspapers and that he is not in favor of unrestricted immigration. Since the report of his address was made he has been taken severely to task for the apparent demand made in his address that we needed greater immigration to give us more labor of a common character. His explanation of what he said and what he meant, so far as the Gazette is concerned, does not change the criticism. Judge Gary says he wants an immigration law that will give attention to quality of the immigrant "but the number permitted to come here should be equal to the necessities of our industries." It looks very much as though Judge Gary was quibbling. "If there is to be no limit to number of immigrants one certainly is justified in calling it 'unrestricted.'" We always have had examination as to quality.

What we said and other newspapers have said since, is that the judge wanted more immigrants to furnish more employees in industry. It makes no difference whether the immigrant is examined as to quality, and the present law is extremely strict in that point, or not; there will be a greater number admitted than is permitted under the present immigration law and those greater numbers will be in the ranks of cheap labor—the goal desired by Judge Gary. He adds that the worst thing this country has ever done for itself economically. We therefore correct ourselves in reference to what Judge Gary says and agree that he is for restricted immigration so long as he can write a restrictive law that will permit all the cheap labor of Europe to enter at will. There are others just like him.

With the legislature divided into Blaine and anti-Blaine camps the innocent bystander may escape with only a few wounds.

It Is Hard to Understand.

One of the interesting items of news from Madison printed in a number of state papers, Thursday is this:

Madison.—With the arrest of William Sherman, 42, of Chicago, alleged to be the "king pin" in the Madison-Chicago rum running ring, which was broken up here last year, the possibility of sensational revelations involving prominent Madison men again looms.

When the headquarters of the ring at a hotel here were raided and a local bond salesman arrested, Sherman deserted his haunts in Chicago and remained under cover. Recently, however, Sherman checked a trunk to Belmont containing 10 quarts of liquor. He was arrested by federal prohibition officials at Janesville.

A man purporting to be an officer of the local chapter of the Ku Klux Klan, following the announcement of the arrest of Sherman, said he had a list of prominent Madison men who were patrons of the bootleg ring. Sherman is held at Janesville in default of \$3,000 bail.

It is believed that Sherman is the man who has been supplying liquor to many persons in Janesville in the last two years. It is current among the "men about town" and the youths as well, when Sherman's name is mentioned that "he is the bird who has been supplying most of the hard liquor in this city." One is led almost naturally to wonder what connection there is between the "list of prominent Madison men who were patrons of the bootleg ring," to quote from the foregoing dispatch from the Milwaukee Journal, and the final chapter written in the history of Sherman in Janesville. Chief Newman made a fine haul when he got Sherman. There had been captured the chief of the bootleggers who was a part of the Chicago ring, and whose profits have been shown in the last few days, have run into the millions. But Sherman left Janesville after paying a fine of \$350—the possible profits on a few bottles of whiskey—and went from this hospitable city rejoicing. He took a change of venue from the municipal court and went into the circuit court for "justice." We now extend an invitation to all the Chicago bootleggers to come to Janesville and be happy—oh, so happy.

Hearing that Wisconsin has voted for light wines and beers President Harding will probably call an extra session of congress to put it into effect at once.

The Minnesota legislature has adjourned. It passed few laws, among them one reducing the legal rate of interest from ten to eight per cent. "The prohibition enforcement law was strengthened, rural credits and cooperative marketing acts were passed so that cooperative organizations may legally finance themselves following the Supra plan, and after that it failed to reduce state expenses but on the other hand to increase them and, to the Minnesota Tribune says, "jumble up things generally." But it remains true that few laws were enacted and that is a high commendation for any legislature in these days.

It may be noted that Mr. La Follette is not for the world court even though President Harding is.

The resignation of George McKerron from the presidency of the Farm Bureau will be regretted while at the same time farmers are pleased that the bureau has elected so able a man as George

Advice from Bernhardt's Dietician

By FREDERICK J. HASKIN

Washington.—That the digestive troubles of America are due to too much sweet and starchy food is the conclusion reached by Dr. Julie Stevens, former dietician to Madame Sarah Bernhardt. Too much ice cream, candy, and heavy food are having a bad effect not only on individuals but on the race, she was told.

Dr. Stevens, who is visiting this country, is more interested in individuals, however, than in races. She preaches the doctrine that we are what we eat, and that each person's diet should be adjusted to suit the needs of his own body. Thus, when you ask the doctor for the magic formula that enabled the "Divine Sarah" to defy time so successfully, you are told that Madame Bernhardt's diet would not necessarily produce similar results in others.

This is a call for specialization in diet with each person as a separate subject. The immediate objection is raised that most people are not skilled dieticians, nor can they afford the services of experts. But just as we have learned that eggs and milk, fresh vegetables and fruit are health-giving foods, so no doubt we can advance another step and try to find out still more definitely what our bodies require in the way of fuel and building materials.

The trouble in the past has been that general principles of diet have been applied regardless of circumstances. It became a recognized fact that certain foods are nutritious and easily digested, and therefore people concluded that these foods must be satisfactory on all occasions and when consumed in large quantities. The result is that a person can, and often does overeat at a table containing only the most wholesome dishes. Almost every one has a bowing acquaintance now with vitamins and calories. But the idea that one may overload the stomach in the process of accumulating virtues has not yet become one of our national beliefs. Yet it is quite generally stated that the average person overeats, and the American nation is accused particularly of eating too much sugar and starch.

Potatoes are healthful and so we eat them heartily and in combination with bread and other starchy food. Chocolate has fuel value, and we load a man power engine with enough to run a four man power motor. Indigestion, accompanied by pain, does not follow, a meal is considered a success, even though the stomach may be given such an Herculean task of digestion that very little energy is left for the day's work.

This is obviously a very elementary attitude toward eating, especially so now when pep, efficiency, and cheerfulness are so much admired and sought.

Dr. Stevens points out facts in this connection that most of us know vaguely though we obviously do not fully appreciate them.

"Food is the material of which the body is built and formed," she says. "One must understand that a great cause of disease is the presence of waste matter in the blood which is caused by mucus-forming foods and overeating.

"Wrong eating causes sickness. Much more frequently it causes inefficiency, low vitality, and nervousness. You have it within yourself to be healthy if you only take time to learn just what is the right food. Learn daily combinations of food that are digestible and suitable to the needs of your body. Do not allow your system, with food that will lie in the stomach to decompose and ferment, for it will cause poisons. Fermentation causes sleeplessness and that feeling of painful awakening in the morning and aimlessness and depression.

"To be healthy supply your body with proper fuel and building materials, and then bathe, rest, and think right. Nature will do the rest." These are general suggestions. More particularly, the French dietician urges whole wheat bread to the exclusion of white breads, and a great deal more fruit and green vegetables.

Citrus fruits are mentioned as a means of clearing the system of fermenting foods that are assimilated. We think of orange juice and lemonade as diet for invalids, but Dr. Stevens advocates a citrus diet for one day every two weeks. "This diet would include grapefruit, lemons, limes, and oranges. For instance, it is shown that a working person can get along on 30 ounces of orange juice, taken in six ounce portions, or about a glass full at a time.

The diet of Madame Bernhardt may not be practical for the average American, but it is interesting because it departs considerably from some of the usual principles of diet. The worker ordinarily is supposed to require a heavier ration than the person who is at leisure. Bernhardt found that when she was working hard at rehearsals she could not satisfactorily digest a heavy meal. At such times she followed what was practically a liquid diet of chicken broth, light salad, and whole wheat bread.

Two days a week she took a complete rest. In her garden with her birds, pets, and flowers. On these occasions her regime was about as follows: On rising she took six ounces of orange juice before her bath. Breakfast consisted of stewed fruit, one egg, weak coffee, one slice of whole wheat bread. A typical lunch menu would contain a small portion of broiled meat, baked potato, salad made of lettuce and celery with a dressing of lemon mixed with a little oil, French oil, one slice of bread, and stewed fruit without sugar.

In the afternoon she usually drove through the woods and at 6:30 she had the last meal of the day—cold chicken, lettuce, a weak cup of weak tea with lemon, and no bread.

For the brain worker in this country, generally speaking, Dr. Stevens suggests a breakfast of cereal, one egg, and whole wheat bread. Cereals, milk in the morning is not enough. For lunch, vegetable soup and bread are proposed as a substitute for soda fountain drinks and pastry.

The following advice given by the Department of Agriculture to the housewife can also be profitably applied by the individual who patronizes lunch rooms:

"The health and appearance of the family are a good test of the wholesomeness of their diet. If they are strong, well developed for their ages, free from ailments, and full of energy and ambition, one may safely say their food agrees with them. But if they are listless and ill, or not so well developed either physically or mentally as they should be, and if a competent physician finds that there is no special disease to account for these bad symptoms, a mother may well ask herself if the food is right, and if not, how she can make it so."

W. Hull, formerly of Rock county, now a resident of Whitewater, as his successor, Mr. McKerron is outstanding as one of the agricultural chiefs of the state and for a half century has been identified in every movement for the betterment of the men who have made a livelihood from the soil. He has scores of friends and all wish him a long life.

Every man and woman who believes in the American republic and the principles and purposes of the fathers who founded it can express that belief by attending the Americanism meeting at the high school auditorium Sunday night. It might be well to remember that one of the chief points of attack by the dictatorship of the proletariat is the church and religion.

JUST FOLKS

By EDGAR A. GUEST.

THE JOY OF LIFE.
This much I've had, The beauty of a tree
Robed in its gown of springtime's petals fair
Fresh as a girl with daisies in her hair;
I've seen the splendor of the green sea,
Beheld the snow-crowned mountain's majesty,
And cheered my soul in my garden there;
Days I have known untouched by grief or care
When it was glorious alive to be.
I have not walked alone. Good friends, and true
Have cheered the way with me, and by their love
This life of mine took on a brighter hue;
I've gloried in the skies which smiled above,
I've thanked the world which has had to give,
And 'spite of care, it has been good to live.

ON THE SPUR OF THE MOMENT

By ROY K. MOULTON.

Blue blood was the only thing Mrs. Newrich had not been able to buy, but she made up for the lack of it by spraying acquaintance with any titled people she came across.

At an afternoon party, she met a friend of similar social ambitions.

"Oh, Miss Tuffington," she exclaimed, "such good news! You're a countess!"

"Well, out with it," the friend sneered.

"Why, my dear," said Mrs. Newrich, "Amy has caught the flu from the dear duchess."

A short time ago John D. Jr., said the financial situation was very bright, but since then they have struck him for \$6,000,000 in income taxes.

My neighbor's little boy swallowed a nickel. The doctor was called immediately.

When he arrived, thinking her child was ill, the mother was in hysterics.

Thinking her child was ill, the mother was in hysterics.

Was going to die. The doctor looked the youngster over and asked in a solemn voice:

"Who is your pastor?"

"Oh, doctor," the mother cried, "Is it as serious as that?"

Again the doctor asked the question.

"I go to Pastor"—a church.

Replied the woman.

"Yes," said the physician.

"I know Rev. Better send for him."

He is the best man To raise money.

That I know of.—Harry Thompson.

Who's Who Today

ADMIRAL ROBERT E. COONTZ

Recent changes in the high naval posts, approved by President Harding, will make Admiral Robert E. Coontz commander in chief of the U. S. fleet June 30, when the changes become effective. He is now chief of naval operations.

Robert Edward Coontz was born at Hingham, Mass., June 11, 1864. He graduated from the Military Academy at Annapolis in 1885; entered the navy service as an ensign in the U. S. S. Albatross in 1887; lieutenant in 1890, a lieutenant commander in 1895, commander in 1900, captain in 1912 and a rear admiral in 1917.

Shortly after leaving the naval academy, Coontz entered the Alaskan service, where he remained for six years. He was prominent as a pilot in those waters. It was in Alaska that he met the girl who in 1900 was to become his bride—Miss Augusta Cohen, of Sitka.

Admiral Coontz was executive officer of the battleship Nebraska on the voyage of the fleet around the world in 1908; commander of the shipmen, U. S. Naval Academy, 1910-11; governor of Guam, 1912-13, commanding officer of the U. S. S. Albatross, 1913-15, winning first gunnery trophy; appointed commander of the navy yard, Puget Sound, July 20, 1915.

Admiral Coontz won medals in the Spanish-American war and in the Philippine insurrection. For a time in 1918 he commanded the Seventh division of the Atlantic fleet. Then he was named assistant for naval operations. He was appointed chief October 24, 1919.

OPINIONS OF OTHERS

Our Favorite Murderer.

"This somewhat startling title in the May number of Hygieia is an appropriate illustration to a story from the pen of Samuel Hopkins Adams. The murderer in question is the mosquito which is thousands of times more harmful and dangerous than the snakes and other wild creatures in the United States. The malaria-bearing mosquito is responsible for about 5,000 deaths each year, and causes an economic loss, 'sheer, incalculable waste,' equivalent to the labor of five thousand men for nearly seven years." In vigorous, trenchant style, Mr. Adams tells what can be done to fight this pest and concludes by comparing the treatment accorded to the mosquito with that given the leprosy. "In the matter of birth and breeding, the mosquito is distinctly superior to the leprosy, which frequently springs from the most malodorous and disgusting surroundings. Yet, the mosquito is just as poisonous and far more dangerous. Socially considered, the leprosy is an outcast, some day, when civilization is a little more advanced, possibly the 'National Association of Artificial Peanut Shell Manufacturers' will refuse to accept the invitation of the 'Gulfstream Chamber of Commerce of the Booster City,' because 'several members having occasion to visit your locality in the past year, have been bitten by mosquitoes.'"

LOOKING BACKWARD

FORTY YEARS AGO.

April 27, 1883.—Major F. F. Stevens has purchased a lot on the corner of South Second and Bluff streets, in the third ward, opposite Mr. Ruger's residence, and will build there this summer a handsome residence which he will rent. We also heard that Mr. Stevens will build a Swiss cottage on the opposite corner.

THIRTY YEARS AGO.

April 27, 1893.—Robert Mantell plays a double part in his latest production, "The Face in the Fog," at the Mayan theatre. He plays the French revolution period.—Frank Dewey of the Janesville Machine company is first in the popularity contest of the city, the winner to receive a free trip to the world's fair.—Merchants are objecting to the business of car washes. They will close the business by will because of the fair from May to October.

TWENTY YEARS AGO.

April 27, 1903.—Twelve men are still employed at the Cement Post factory, although the place is shut down. When the new machinery arrives, work will again start in.—Most of the tobacco packers of the city have nearly finished.—Annual meeting of the Y. M. C. A. will be held tonight. Reports of Sec'y. J. C. Kline and Pres. F. F. Lewis will be heard.

TEN YEARS AGO.

April 27, 1913.—Miss Genevieve McGinley has been named May queen for the pageant to be given by the senior class of the high school. Miss Josie Anderson will be valedictorian, while Miss Jessie Pruner will write the class poem. Bert Rutter has resigned from the Northwestern depot and has entered the First National bank.

THE TEMPORAL AND THE ETERNAL.

All flesh is grass, and all the good world as the flower of the field. The grass withereth, but the word of our God shall stand for ever.—Isaiah 40:6, 8.

Personal Health Service

By WILLIAM BRADY, M. D.

Noted Physician and Author

SWINBURNE WAS RIGHT
If he could glance over the papers these days Mr. Swinburne might conclude that he thanked the gods a little more heartily than he did when he first wrote his famous poem, "The Man of the Sea." Even the weariest river winds somewhere safe to the sea. All over the country the dead are being restored to life with adrenalin. At least they are quite dead in the headlines, though as a rule they do not seem so dead as the yarn gets under way. Here is a good specimen:

Infant Born Dead Is Saved by
New York, April 13.—(A. P.)—An infant born dead was "brought to life" by the injection of adrenalin. The child was, according to the hospital authorities, apparently dead at birth. A careful examination, however, indicated a very faint heart action.

This adrenalin find of the newspaper news item that I overlooked many fine opportunities for ads in my earlier struggles to build a practice. Why, nearly all of the babies were born with only a faint heart action. I can see now that I didn't handle the reporters in the right way. Instead of disdaining to drop them a hint, in that upshot way of the young doctor who library consists of Gray's Anatomy, the Pharmacopoeia, the Principles of Medicine, and Osler's Practice of Medicine, I should have apprised them of the facts.

Adrenalin is a proprietary trademark for the internal secretion of the suprarenal glands, a pair of little ductless glands situated, as their name implies, above the kidneys. It is a powerful stimulant to the heart muscle and the circulation; it increases the arterial pressure (blood pressure) by constricting the arteries (twice of the normal pressure). The suprarenal gland principle is commonly used in conjunction with local anesthetics because of its power to produce a temporary blanching and prevent oozing or bleeding for the duration of the operation. The name of epinephrin has been adopted by scientific workers for this ductless gland principle in America, and in England it is known as adrenin. Very dilute solutions of the principle applied to a mucous membrane, as that of the nose or the lining of the eyelids, produce a temporary blanching by constricting the blood vessels, and this lasts perhaps an hour. Hence the substance is much used for the temporary relief of such conditions as hay fever.

Japanese, chemist, Takamine, first isolated it.

It is a powerful stimulant to the heart muscle and the circulation; it increases the arterial pressure (blood pressure) by constricting the arteries (twice of the normal pressure). The suprarenal gland principle is commonly used in conjunction with local anesthetics because of its power to produce a temporary blanching and prevent oozing or bleeding for the duration of the operation. The name of epinephrin has been adopted by scientific workers for this ductless gland principle in America, and in England it is known as adrenin. Very dilute solutions of the principle applied to a mucous membrane, as that of the nose or the lining of the eyelids, produce a temporary blanching by constricting the blood vessels, and this lasts perhaps an hour. Hence the substance is much used for the temporary relief of such conditions as hay fever.

HOROSCOPE

PHIDIPY, APRIL 27, 1923

Astrologers read this as an indication of the place of the sun, and though Jupiter and Mercury, in the benefic aspect, Saturn and Uranus are adverse.

Early in the morning business conditions should be fairly fortunate, but Saturn is in a bad position for labor troubles or difficulties with employees, that may overcome the favorable conditions.

Judges and all who administer the law should benefit from this rule.

There is a good sign for educators, but the men among them will be behind the women in their progress toward the highest ideals.

This is read as a day not auspicious for the signing of any sort of papers or contracts.

When Mercury is in a sinister place news of evil import to public welfare is usually indicated. Foreign affairs may be most unsatisfactory at this time.

Uranus is in an aspect menacing to industry, and labor may be exceedingly discontented. Strikes and demands for higher wages, in certain of the trades are forecast.

Holland is likely to suffer from disturbances next summer when the queen comes under unfavorable planetary influences.

Honors to artists and literary folk will be often accorded in the coming months. It is prophesied for the public that it will be less inclined to reverse talent than formerly.

BLAINE VETOES COMPENSATION BOARD FUNDS

Madison.—The appropriation to the compensation insurance board was vetoed Friday by Governor Blaine on the ground that an unjustified increase was allowed by the legislature.

In 1919 the appropriation was fixed at \$20,000 for the biennium, and that has remained unchanged since, and the board of public affairs recommends that such appropriation should not exceed \$20,000 for the biennium. The governor said: "This bill increases the appropriation to \$25,000, not withstanding the fact that the appropriation heretofore has been more than sufficient."

Girl of Ghost Mountain

By J. ALLAN DUNN

Author of "A Man to His Mate," "Rimrock Trail," "The Man Trap."

Copyright by Small, Maynard and Company, and published by arrangement with McClure Newspaper Syndicate.

SYNOPSIS. Peter Sheridan, young New York lawyer, ranches in Arizona because of threatened tuberculosis. Chico, his ranch, is near Ghost Mountain on which he and his foreman, Red Jackson, discover a woman, though, however, to be a ghost. At Mott, the nearby town, Hollister, rancher and his man, attacks a Chinaman who is rescued by Sheridan and installed as cook at the ranch. Later Sheridan is aware the Ghost Mountain is inhabited by a young woman and a giant Swede maid, Thorin. Hearing that Hollister and his gang are planning to raid the place, Peter and Red plan to rescue the woman. They make their way to the cabin on the mountain and are entertained. The raiders arrive and are fed waffles by the women.

"Fruit trees will grow here, won't they?" she asked presently. "I should like to have some. We had an old orchard at Hannibal—Hannibal!"

She had a faculty of conjuring up pictures; this illness, plucky lady, Sheridan glimpsed her sitting under flowering apple trees, Thorin coming through the long grass with a foaming bucket of milk, her father dreaming in a long chair.

"Almost, even here," he said. "Almost makes the division line. Oranges, lemons, figs, dates, olives, even apricots about Yuma. Grapes, strawberries—alfalfa."

"Why the stress on alfalfa?" she asked, laughingly.

"Because it is my crop. The crop for Chico Mesa. Get water on the land and it will raise six-seven crops of ideal cattle food. There are nourishing grasses after the rains but they do not last."

With a word or two more he was off on his hobby, conscious of a listener at once sympathetic and comprehending.

"Chico Mesa," he said, "is an ideal site for a real Commonwealth. Clear out your Hollisters, gather the real ranchers, breed beef cattle for the million. Stimulate production of first-class stock. In the old days the farmer was self-sufficient. On the Missouri River farms he raised everything to eat and wear. He scheduled his own cost of living."

"Nowadays we overspecialize. A man will spend his whole life turning out some part of a machine that he would not recognize if he saw it. Much less know how to run or repair. A strike of the nail industry would paralyze building. In the old days every village blacksmith made nails for the man who built his own house. Bring that down to farming, to beef and dairy industries. One man raises the stock, another grows the grain and feeds. One milks, another gathers the milk and runs the creamery. Range cattle are fed up in the stockyards. The result is not the best and there are too many middle-men to split the profits."

"Produce better beef at fairer prices. It helps you at the world at the same time. Get together and dependent of the middlemen. This railroad must come to you. Freight and the rates will be right if the railroad has not a mortgage on your profit bag. Railroad and other capital."

"Every man should work. I used to think I worked, as a lawyer, in New York. But I found out that I needed to work with my body as well as my brain. All men should work and the rates will be right if the railroad has not a mortgage on your profit bag. Railroad and other capital."

"I have left out X. Now, in case you want to send a message—Waffles for example, you flash out first the column in which the letters stand and then the number of that letter in that column."

Three, and three again would mean W. A is one and then four; B, five and five; J, four and four; D, two-four; S, three-one. Go to the edge of the cliff where we saw you first and shout the sun. You'll catch it at Circle S, ten miles away, and soon you'll see us streaking it for the waffles. If you ever want us at night, start a fire. It might be well to build one in readiness."

"Protection as well as neighborliness. It lines up with the gate. Thank you. You will make a copy of this, and now, will you show me how to use the mirror?"

Coddled Chicken. Two cups of flaked fish, one cup of lightly mashed potatoes, two eggs, three cups of milk, one-half cup of grated cheese, two rolled crackers, Mix all well together excepting the cheese and put in a casserole or baking dish. Beat one egg light, add a little milk and rolled crackers crumbs, spread over the fish and potato mixture and put on the grates cheese. Bake about a half hour in a steady oven.

Beef Liver Stew. This stew is very inexpensive, especially for a large family, and very delicious. Will serve a family of six or seven. Get one and one-half pounds of beef liver. Cut up in small pieces. Boil this in a little flour. Brown three large onions in a little fat. When onion is a golden brown put liver in fried onion, cover and let simmer for five to 10 minutes on a small fire. Then pour one and one-half cups cold water over this; add one level tablespoon salt, one-half teaspoon paprika. Cover, let cook five minutes. Serve over mashed potatoes.

Orange Cake. Two-thirds cup of butter or substitute, two cups of sugar, two eggs, three cups flour, three teaspoons baking powder, two oranges (grated rind of orange), water. Cream butter and sugar, add beaten egg yolks and flour in which baking powder has been sifted. Squeeze the juice of oranges into a cup and add enough water to fill it. Add to mixture. Mix until batter is smooth. Fold in stiffly beaten egg whites. Flavor with grated orange rind. Bake in layers in a quick oven. Make a three-layer cake.

Butter Frosting. One and one-half cups pulverized sugar, two teaspoons butter (heaping), one-half teaspoon vanilla, cream, cream butter and sugar. Add vanilla, enough milk or cream to thin. Spread on cake.

Don't Spoil Your Child's Hair By Washing It

When you wash your child's hair be careful what you use. Many soaps and prepared shampoos contain too much free alkali, which is very injurious as it dries the scalp and makes the hair brittle. The best thing to use is Mulshed coconut oil shampoo, for this is pure and entirely greaseless. It is very cheap and beats anything else all to pieces.

Two or three teaspoonfuls of Mulshed, in a cup or glass with a little warm water is all that is required. Simply moisten the hair with water, and rub the Mulshed in. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to manage. Besides, it loosens and takes out every particle of dust, dirt and dandruff. You can get Mulshed coconut oil shampoo at any drug store, and a few ounces will last every one in the family for months. Be sure your druggist gives you Mulshed. — Advertisement.

Thursday was the Lakota night in the city bowling tournament, but the Red Men were acting in the capacity of hosts.

Only one change took place in the leaders of the team division. The St. Paul Wreckers, rolling on the first shift, went into seventh place of the five men with a count of 2,794 (actual 2,460).

Of the other squads that were on the drive, the Winnebagoes smashed 2,620, the Blackfret dumped the wood for 2,600; the Mohawks tumbled 2,505; the Blackhawk cut down the 2,460; the 2,490; the Navajos scattered 2,433; and the Chippewas split them open for 2,376.

Chucks of the lignum vitae Friday night will consist only of doubles and singles. Some of the first 10 are threatened with deposition.

Three good marks were made by individuals in the team play on Friday. Kirkhoff of the Chippewas distributed the "hotter" for 231, Josh Schlatter of the St. Paul Wreckers cleaned up a 210 count, and Trus of the Winnebagoes smashed 208, all of these figures being with one hand.

Busy Man's Sport Page

By FRANK SINCLAIR

THE MANNER in which Evansville backs its high school athletics is remarkable. The writer was in that city Wednesday afternoon, wandering from one business place to another, and was delighted with the way folks talked about the wonderful basketball team they had during the recent season. The fact that Evansville did not win at White-water is not bemoaned as a catastrophe. It is taken as a matter of fact resulting from depression through loss of one player and the weakened health of another. Evansville loves and honors its players in a high way.

THEY say that umpires are a hard lot to get along with and all that, but just the same Tommy Connolly has been calling them in the American league for 21 years. Right now he is starting on the closing chapter of the quarter-century mark as dean of the younger league's "cheaters." Not a player, remaining in the league, has ever been called by him. Connolly first donned the mask and chest protector and stuck a whisk broom in his back pocket. Best of all, he is liked by players, managers and fans.

TWO years ago women of Janesville started to renew their interest in bowling through the Y. W. C. A. Then came organization of independent bowling clubs. The result was the awarding of this city of next year's state women's tournament. In addition to team work, women may be seen on the alleys here almost any afternoon in pairs or parties. They are not always the same persons. Many of them roll good scores, some higher than a number of men. The writer has seen attacking the wood.

ON ITS TRAINING trip the University of Wisconsin made a comedy of errors. Either the Badgers were up against strong competition probably due to an early start but the team of the southland, or else Coach Lewman was experimenting considerably with his material. The Cardinals are now going rapidly in the conference. Each of its games so far in the Big Ten have been won by big margins. The first real test will come Saturday when they play at Michigan.

EXPECT Dempsey will sign Kearns says Jack will fight 12. Dempsey ready to fight all corners. These and some more sentences have been floating in the telegraph wires and been printed in thousands of newspapers now for month upon month. The public is getting tired. Less talk and more action would be gloves is what they are anxious to hear about. Dempsey is gradually getting the name of the "non-fighting champ." Too much press agent stuff is getting tiresome.

Diamond Sparkles (By A. F.). Approximately 158,000 fans witnessed Thursday opening games in six major league cities. At Detroit, 35,000 saw home team lose hard battle to St. Louis, 4-3. Thirty thousand and favored New York Giants, who Chicago Americans while 22,000, including President and Mrs. Harding, were at Washington. Boston Americans had 20,000 and Philadelphia 15,000.—Ken Williams, premier 1922 American home run hitter, Ed Barrow's nearest rival, contributed to St. Louis' victory over Detroit, poising out third circuit clout of season and placing one ahead of Babe.—Ovation given Christy Mathewson, president of Boston Braves, "Wally" Pidgeon, pitcher, who pitched "Wally" game, 7-3.—Although Yankees tied game in first half of ninth with a two run rally, Boston Red Sox retaliated with hit barrage and won shutting out Yankees, 5-0. Yankees' pitcher, Coveleskie's pitching carried teammates to 3-0 victory over White Sox and Cleveland resumed lead in race.—Pittsburgh scored second successive victory over Cubs, 7-2. After straight losses, Brooklyn fell upon Philadelphia pitchers, trimming Quakers, 14-4.—Kelly, first baseman of Giants handled 27 chances without a slip.—Commissioner Landis, presented trophies of victory over Yankees last fall in world series.—Welsh, former star of Sioux City, now member of White Sox, ran against concrete wall to catch a foul and injured knee, refusing to leave game but limped around outfield.—Fourier, first baseman, traded to Brooklyn by Cubs, refused to report, asking clause reverting Dodgers after posing of him without his permission.—Bill Finneran, umpire in Nationals, years ago, subbing at St. Louis for Umpire Paul Santello, seriously ill with appendicitis.—Third Baseman Stock, St. Louis National, who hurt nose when struck by batted ball in practice, will be out several days.

BRINGING UP FATHER

Will Widen Entry Lists for Whitewater Tourney

Whitewater — Practically every high school in southern Wisconsin will be entered in the second annual revival of the Whitewater Normal school invitation track and field meet. Schools are asked to correspond with Charles Agnew, director of athletics at the school. Schools this year will pay their own traveling and hotel expenses. The normal school will take of all other costs of the meet. Eligibility lists must be in the hands of Fred J. Holt, Edgerton, chairman of the board of the Wisconsin Interscholastic Athletic association, May 1. Mead Burke, assistant track coach at the University of Wisconsin, will again be starter this year. The meet will open at 1:30 p. m. It is planned to extend the entrance to the tourney this year to Kenosha and Reedsburg. Kenosha, which is usually on the outside in district meets because of its location, has applied for entrance. It has a strong list of athletes and should show well if admitted.

DIVORCE PUTS END TO WESTBY TRIALS

Echo of \$75,000 Heart Balm
Said Heard as Woman Wins Decree.

Marital difficulties of the Westby family were settled in the Rock county circuit court, Thursday afternoon, when a stipulation was entered into and Mrs. Caroline Westby, 58, Beloit, was granted a divorce from James William Westby, 52, Turtle farmer, by Judge George Grimm on the grounds of cruel and inhuman treatment.

In accordance with an agreement entered into prior to hearing testimony, the action was not contested by Mr. Westby and the divorce was granted by the court after three witnesses testified. Custody of the three oldest children, Marie Lavinia, 16, Jerome Bramble, 14, and Robert Ora, 9, was granted to the father, and \$10 a month was ordered for maintenance of the property was entered into, it being left to the further action of the court.

Bad Situation, Says Grimm
The parties were admonished by the court not to marry again within a year.

"This is a most unfortunate situation and I believe the parties have followed the worst of ways in reaching a settlement," said Judge Grimm in granting the divorce. "Available means are limited. There is a \$10,000 mortgage on the farm and both parties must bear the burden of reaching these children. The best solution has been reached to make the most of a bad situation."

Both parties were spared going through another ordeal such as they did at the trial of the \$75,000 alienation of affections suit of Westby against his wife's brother, Alex E. Munroe, through the stipulation and the testimony given by the wife, and two other parties was just sufficient to establish the grounds for divorce.

Under the questioning of Attorney M. O. Mount, and amidst sobs, Mrs. Westby testified to the "severe quick temper" of her husband, how he had struck her several times, and been made so many times that "it was hard to tell what he might do."

All of the incidents referred to concerning Mrs. Westby's life, her and his cruel and inhuman treatment, were gone into thoroughly at the time of the alienation of affections suit. She testified that she had not lived with her husband since she jumped out of the car as they were returning home May 13, 1922.

Mrs. Mary Collins, a sister of Mrs. Westby, and Miss Wobbe, employed on two different occasions at the Westby home were called to corroborate the charges.

Many Attend Trial
A large number of relatives of both parties, the children and "star" witnesses of the former trial, were interested spectators at the trial. Westby was not called to testify and held his youngest son in his lap.

George S. Geffe, Janesville, was appointed special divorce counsel.

The father must give the mother custody of the three children by Sunday, the court ordered. Mrs. Westby, living in Beloit, has had the custody of the baby since the separation.

FAST MAIL SERVICE URGED FOR PAPERS
Better mail service for newspapers. "A commodity the value of which decreases each minute it is not delivered," is assured by Harry S. New, recently appointed postmaster general, in an appeal sent out to postmasters all over the country for giving newspaper first class service. It is suggested that newspapers use uniform wrappers. Postmaster J. J. Cunningham reports that little irregularity has been reported here in the past and that service here is of the best.

Dr. Swift is a lecturer for the American Social Hygiene Association. In a letter to Miss Mary Mount, Dean Mary Ross Potter of Northwestern University has written: "I have had several women speak to our students on social hygiene and of them all, I consider Dr. Swift the most successful. She is an inspirational speaker and altogether natural and normal."

Union Labor Asks Representative in City Office

That a union labor man should be appointed at the head of some department of the new city government, under the managerial form is the desire of the Central Labor Union of this city, recently reorganized. This is learned following a meeting of that body at Labor Hall, South Main street, this week.

A resolution to this effect was passed. The request that at least one union labor man be appointed will be presented to the city council at a time considered proper by the Central. The desire is to have the man appointed when the city manager is selected.

Another resolution passed is to the effect that the Central will ask the council that some part of the

old high school building on South Jackson street be set apart as a Union Labor hall. This step was taken following published announcements that the old building may be used as a memorial building.

At its meeting this week, the Central endorsed the old age pension bill. It also put its stamp of approval upon the unemployment bill. Both of these proposed laws have been introduced in the state legislature, and have been endorsed by the Wisconsin Federation of Labor.

W. H. Alberts, carpenter, has been elected president of the Central Labor union. It was announced Wednesday. Other officers are A. B. Christensen, electrician; vice-president; Amos Kent, electrician, secretary; and Phillip Sullivan, cigar maker, treasurer.

ARNESON REWARD TO PENSION FUND

The \$25 reward for the recovery of the body of Carl Arneson, drowned in Rock river here last month, has been paid to Chief Charles Newman by Arneson's relatives in Edgerlon and Thursday.

CHIEF WANTS CARS DRIVEN TO CURBING DURING FIRE CALLS

"I don't want to hit anyone but some of these days there's going to be an accident unless auto drivers run their machines to the curb and stop when the fire trucks are approaching," Chief C. J. Murphy declared Friday.

"There is a state law requiring this and it should be obeyed for safety's sake. Someone's going to get hurt unless it is obeyed."

In responding to an alarm from box 62, corner of South Jackson and Riverside streets, at 9:15 Wednesday night, which later proved to be false, Chief Murphy's car was obliged to come to a dead stop at West Milwaukee and Jackson streets due to failure of a car to yield the right-of-way.

Are Women Overworked?

Yes, hundreds of thousands of them are. This applies to the housewife and mother who struggles on small income to make both ends meet by doing all the washing, ironing, cooking, making and mending for a large family. There are others who not only support themselves working in factories, shops, and offices, but must also have an invalid father or mother or to support, therefore do housework beside. These are the women who are afflicted with various forms of female weakness. Since night out eye strain, women who have tied by Dr. E. P. Hickham's Vegetable Compound have proved that it is a successful remedy for women's ailments. For nearly 40 years it has been restoring women to health, and it will pay every suffering woman to try it.

Council Minutes to Be Published in Pamphlet Form

Wisconsin's city manager law provides for monthly publication of the council proceedings in pamphlet form besides the regular newspaper publication of the minutes. Preparing to get out the first pamphlets at the end of this month, City Clerk E. J. Sartell has awarded the contract

to the Nye Printers, Janesville, following the opening of bids, Thursday.

It is planned to have 100 copies printed monthly, 50 of them for distribution among the councilmen, city officials and others, and 50 for preserving till the end of the year when annual proceedings will be published.

Mr. Sartell is also preparing to advertise for bids for the 1923 supply of gasoline and oil for city trucks and cars.

The board of health is advertising for bids for the 1923 garbage collection contract, the job held by Alva

Maxfield the past two years. These bids are to be filed on or before May 6, the contract to date from May 15. The health board is also asking for proposals for painting the four trailers used for garbage collection and owned by the city. These bids must be received on or before Monday, April 30.

SCHOOL SPEAKERS PRESENT PROGRAM

Representatives for Janesville high school at the district oratorical-declamatory contest at Deloit, Friday night, furnished the entertain-

ment at Thursday assembly periods at the high school, giving the talks that won them places at the local contest two weeks ago. Short scenes from the Senior A class play, "The Gipsy Train," to be given Friday night at the auditorium, were given to assemblies, Wednesday, as advertisement.

Jensen in Milwaukee—J. K. Jensen, president of the council, was unable to be at his desk in the city hall at 11 a. m. Friday, owing to business which called him to Milwaukee. He expects to be back in time for the informal council meeting, Friday night.

Like the Chocolate Cake of His Boyhood Days

YOU have heard your husband tell about the wonderful chocolate cake of his youth, with its thick, rich, real chocolate all over the top and down the sides. But he never says much about the cake—it's always the delicious chocolate he seems to crave.

Why not give him again this never-forgotten taste-thrill of his boyhood? You can set before him to-night a plate of tempting cookie-cakes covered all over the top, sides and bottom with that same wonderful chocolate of long ago. Watch his face light up as he bites through that real chocolate coating, through the creamy marshmallow into the rich honey-cake itself. See him smack his lips.

This is the treat Johnston's Chocolate Eclairs will give him. They have the real, true chocolate coating of long ago. The name "Johnston's" impressed on the bottom of every piece is your guarantee that the coating is true chocolate, not imitation or cocoa.

Call up your grocer now and order a pound of Chocolate Eclairs. Revive his "sweet" memories in a way that your entire family can enjoy.

Johnston's Famous Cookies

Chocolate Eclair

Light-textured honey-cake, shaped like a lady finger, heaped high with tender, fluffy marshmallow creme, and over all a delicious coating of true chocolate—such is the Chocolate Eclair. The name "Johnston's" impressed on the bottom of each Eclair is your guarantee that the coating is true chocolate.
